Just after the exemption season we will be finishing up new construction in preparation for tentative roll. Notices will be mailed to property owners in late April. The reassessment project is scheduled for 2026, we will have more on this during the summer months.

It is a reappointment year, you may reappoint an assessor anytime during the 9 months prior to the reappointment date of October 1st. We are seeking reappointment for the next six-year term which begins on October 1st, 2025, and ends September 30, 2031. We are asking for reappointment early to plan ahead. We have no concerns currently, if anyone has any questions or concerns, please feel free to contact us.

DISCUSSION PARK UPDATE

Councilman Butterbrodt reported on the following:

The Park Committee met on January 20th. The Committee was wondering if it would be possible to see the insurance policy to better understand what is allowed and what is not. Town Attorney Donald Young said that the Town's insurance policy is FOILABLE, so the Park Committee should be allowed access to it. It was suggested that a Town Official such as Supervisor or Councilman will actually speak to the insurance company when questions arise so as not to overwhelm the insurance company unnecessarily.

A question arose as to whether the Park Committee could have their own checking account? This will be investigated further. It is often difficult for the Park Committee to purchase items needed without paying out of their own pocket first and then getting reimbursed by the Town.

Another question that arose was if volunteers could work at the park or only paid help?

It was mentioned that it's Conesus's 200th year in 2025. Could the Turtlestone Festival come back? Could Food Trucks be allowed? This will also be looked into further.

The annual Easter Egg Hunt will be held in April.

DISCUSSION PARK BID UPDATE

Deputy Supervisor Sparks shared that the project will be rebid as two separate bids: one being the sidewalks and the other being the roofing of the cabin and gazebo.

The ZBA met on January 27, 2025. The Public Hearing for Kyle Smith's residence at 5501 East Lake Rd. was held. She was requesting a front yard setback variance of 6.7 feet and a lot coverage variance of 17.8% to tear down existing cottage and rebuild a single family residence in the Lakeshore Residential District. The new residence will be slightly larger than the current cottage, however it will be setback further from the property lines. They will be closer to current code with a smaller footprint. This was allowed, but ZBA has restricted any further non permeable structures on the property.
